NEW PHASE IN SMITH CASE DEVELOPS NEW CLAIMANTS.

Three St. Louis Men Want Papers Granted to H. M. Kephart Revoked and Others Issued.

SONS BY ADOPTION THEY SAY.

Pettitioners Claim to Be Sons of Berthanna R. Smith's Husband by His First Wife—Other Doings in Civil Court This Week—Auto Case Non-Suited.

UNIONTOWN, Mar. 26.—As stated in The Courier several weeks ago, a new phase of the contest over the Berthanna R. Smith estate has developed. Attorney Joseph G. Carroll, acting in behalf of John R. Samuel, A. and Charles Emory Smith, all of St. Louis, some time ago filed a petition with Register & Recorder Logan Rush asking that the letters of administration granted H. M. Kephart be revoked and new ones issued to the petitioners, or someone of their selection, namely the Citizens Title & Trust Company of Uniontown. The prayer has been refused by Recorder Rush. It is likely that an appeal from this decision will be taken.

The petitioners set forth that they are the sons, by adoption, of the late Berthanna R. Smith, being children of Robert Smith, by his first wife. Letters of administration were granted H. M. Kephart September 28, 1905. The petitioners say that these were invidiously granted and ought to be revoked. They set forth that Kephart is not next of kin to the decedent, but they are, and are entitled to nominate an administrator of the estate, never having revoked that privilege.

Robert Smith, their father, they say, married Berthanna during the lifetime of his first wife, Keziah, but had no children by her. At the property he acquired he had made in her name, in order that his first wife or her children might not interfere to interfere with their enjoyment. They claim that Berthanna accepted the property with the understanding that at her death it was to revert to the three sons, and make the claim that she promised to execute a will in their favor. They further claim that Mrs. Smith's belongings were rifled after her death by strangers, when relatives were not present, and that there been a will it might have been destroyed.

The suit of Charles Mitchell of Mt. Pleasant against Phil C. Moore to recover \$10,000 for personal injuries received in an automobile accident, was non-suited. The case of Mrs. Elizabeth Illig against James W. Butlermore, to recover for 55,000 feet of timber alleged to have cut off her land, is still on.

Before Judge Umbel this morning the case of Joseph Bilpuch against Thomas B. Woodward of Manistow township was taken up. Bilpuch paid \$2,100 on a farm which he claims was represented as having several veins of coal beneath it. He wants his money back because the coal isn't there, he claims.

The women, taxpayers and electors of Jefferson township have filed petitions against granting a license to Conrad Schalk of Newell. Already three remonstrances have been placed on file against the granting of a license to Mr. Schalk.

A petition has been presented asking that William C. Aspley be pronounced weak-minded and a guardian appointed. The hearing will be held April 16. The case of Chas. F. Hood against Jean H. Davidson will not come up this term of court owing to the illness of Mrs. Davidson, who is confined to a Cincinnati hospital.

Belle McNeal of Uniontown got 15 months in the workhouse for running a disorderly house. Sheriff M. A. Klefer left this morning for the Huntingdon reformatory, taking with him W. J. Davis, W. L. Yeager, James McVey, Clyde Schwartz and Edward Gregory.

WOODS AFIRE.

Unusual Sight of Blaze in Mountains at This Season.
The woods in the mountains above Connellville were on fire last evening and during the night. A mountain fire at this season of the year is unusual. The fine warm weather of the past few days dried the underbrush so a stray match or locomotive spark started the fire.

Resigned His Job.

Olavence Cook, clerk for Asa Steyer, the South Pittsburgh street grocer for the past two years, has resigned his position, the resignation taking effect Saturday.

More Auditors.

Additional Auditors are to be placed on Baltimore & Ohio passenger trains according to a story from Baltimore.

UNIFORMS SHIPPED.

Those for Connellville Team Should Arrive This Evening.
The uniforms for the Connellville base ball team are expected to get here this evening. Manager W. S. Malarky received a telegram from the Pittsburg store of A. G. Spaulding & Brothers stating that the suits would be shipped today.

When the uniforms get here they will be placed on display in order that the fans may have the opportunity to inspect them. They were ordered through W. E. Tannehill & Brothers, the local sporting goods dealers.

A SICK MAN

On Way to Scranton Sanitarium, Short of Funds, is Picked Up by the Police.

James Wilson of Pittsburg and John McKee of Curwensville were arrested late Monday evening as suspicious characters by Officers Francis and McGuden. They got off No. 10. At the hearing this morning Wilson explained that he was taking McKee to a free sanitarium in the anthracite region, near Scranton. McKee, he said, is a very sick man and needs some with him at all times. The invalid produced his discharge certificate from a Pittsburg sanitarium, which explained the nature of his illness. The two left Pittsburg because they had no money to stay at the hospital there. After an investigation by Chief of Police Reiter the men were permitted to depart.

Ernest Brown of Broad Ford and John Cabine of Leisenring were given 48 hours each for being drunk.

WENT INSANE.

An Electric Shock Unbalances Mind of West Penn Electric Co. Employee at Latrobe.

LATROBE, Mar. 26.—Maddened by burns resulting from touching a wire carrying 2,000 volts of electricity, John Williams, an employee of the West Penn Electric Company, seized an axe and pursued H. F. Freeman and Howard Ackerman around a 10-acre field in Derry township. The men were changing the arms on the poles and when Williams' shoulder came in contact with the wire he slipped and fell headlong.

His safety belt caught, holding him suspended several feet from the ground. When Williams recovered consciousness he was a raving maniac, possessed with the idea that the two men were responsible for his suffering. He chased them until he fell exhausted when he was carried aboard a car and taken to Derry.

HELD FOR COURT.

Carrie Simmons, the aged negro charged with taking \$57.50 in money and \$12 in checks from the cash drawer of P. H. Pendleton's safe in his Welke building office, was given a final hearing before Judge W. P. Clark Monday evening. Carrie protested her innocence of the crime which is alleged to have been committed last Tuesday.

On the strength of the testimony submitted, which was purely circumstantial, Squire Clark held the woman for court. She obtained bail today, Attorney S. R. Goldsmith representing the defendant.

SKY FERRY DROPPED.

Remarkable Accident at Jacob's Creek and Escape of Five Men in Cable Cage.

WEST NEWTON, Mar. 26.—A "sky ferry" at Jacob's Creek, seven miles south of here, collapsed at 6 o'clock yesterday morning and six men, who were going over the Youghiogheny river by this aerial route, were dropped into the stream, a distance of between 10 and 50 feet.

The river is deep enough to drown a person unaided to swim and, on this account, E. P. Hough is in a predicament, having been rescued with difficulty. The other five were able to reach shore with no worse mishap than being chilled in the waters of the river. The men were employed about the mines. Hough has a wooden leg and his escape from drowning was remarkable. A boy in a dog boat picked him up.

These sky ferries are peculiar to the Young region and are numerous. They consist of a steel rope stretched over the river, whose banks generally are high and rocky in places. A traction engine on shore draws the car back and forth.

FENCES MUST COME DOWN

Law Against Enclosing Public Lands Will Be Enforced.

Washington, March 26.—Secretary Garfield has issued an order for the strict enforcement of the law prohibiting the fencing of the public domain. In doing so he mentioned the efforts made at the last session of congress to obtain a modification of this law, which was passed in 1897, and expressed regret that no discretion is given the government to permit the continuance of fences "that are clearly for the benefit of all interests."

He predicted that hardship and loss will be occasioned especially to the small stock owner and homemaker by the strict enforcement of the law, and added, "but so long as it is on the statute books it must be enforced without considering the reasons which led to any violation."

This order calls attention to the making of a map or maintenance of gateways to illegal fences, and says that these will not relieve from liability under the law. The cutting down of the wires and allowing the fence posts to stand will relieve from liability. The order says the department of justice will not promote and vigorously prosecute violations of the law in question, and an invitation is extended to persons injured by illegal fences to make complaint.

Two Judges Reversed.

Macon, Ga., March 26.—United States Judge Emory Spear, in a decision in the case of Lucy Sheard, administratrix, against the Central of Georgia Railway Co., upheld the constitutionality of the employers' liability act, passed by the last congress. This decision is opposed to those of Judge Adams at Louisville and Judge McCall at Memphis, who declared the act repugnant to the constitution of the United States.

Choir Scandal Ends in Shooting.

Springfield, Ill., March 26.—Mrs. Mollie Hill Gibson, divorced wife of Elmer Gibson, a local estate dealer, was shot and probably fatally injured by Peter Clark, an insurance agent. The shooting is said to have followed a scandal in the choir of the First Christian church of Girard, Ill., as the result of which Mr. Gibson and Mrs. Clark procured divorces.

There are now two firms of Gondolfi & Cuneo in Connellville which previously to Monday there was but one. The new one was formed by a most remarkable transaction. They occupy a good stand on West Main street, where the property in, absolutely free of charge, the stock, fixtures and business of the lunch room to Frank Cuneo of town and Louis Gondolfi of New York.

HAS SUPPORT OF THE BURGESS.

Yards, Cellars and Alleys Must Be Cleared of Waste and Garbage, Which Must Not Be Dumped in the Borough—Good Health Prevails.

Health Officer Allen Hyatt is in the midst of his annual spring cleaning up campaign. He has taken his pen in hand and composed a few lines of wisdom for the citizens of the borough. This part of his work being over, he will now devote his time to seeing that orders are obeyed. His edict is as follows:

"Our alleys have dried up, the mud no longer interferes and now is the time for everyone to clean yards, cellars and alleys of all waste garbage in cans, ashes and refuse of every kind. This stuff must be removed from the borough. Any person caught dumping ashes or refuse within the borough will be summarily dealt with as provided by the regulations of the Board of Health."

"We expect all cleaning to continue until the entire town is in a good sanitary condition. Waste pipes must be opened and traps placed in good shape. In order that sewer gas may not enter houses and cause sickness."

Within a few days Burgess A. D. Solomon will also issue his annual proclamation calling upon the good citizens of town to aid in the work of putting the borough in good sanitary condition. The board of health will have the assistance of the police force in this work.

The Board of Health functions that the present spell of general good health in the borough shall continue. There has been comparatively no sickness in town for the past several weeks and a prominent local physician, speaking of the matter this morning, stated that it has been a good many years since he has known the town to be so free from disease at this season. Colds are prevalent, however, owing to the changeable weather, and there are several cases of the grip.

MAY STRIKE.

Situation on the Western Railroads is Critical Today the Managers There Say.

CHICAGO, Mar. 26.—[Special.]—The demands of 50,000 employees of forty western railroad will, according to representatives of the railroad managers, be rejected today, and higher wages and shorter hours ensued. In this contingency a strike is certain.

Managers held a secret conference today and it is stated, agreed to present a strike rather than further increase the operating expenses \$6,000,000 per year, which they say would be the result of granting the demands.

Negotiations, the men hope, will last several days and believe their demands will be realized at least in part. Diplomacy on both sides is almost exhausted.

The latter part of the week he will sail for Panama, where he has accepted a position on the Panama railroad running over the Canal Zone. Positions have been offered a number of other engineers of Connellville in Panama. The pay there is exceptionally fine, but the weather conditions make it hard on a man's health from a northern climate.

Gross for several years past has been active in the Locomotive Firemen's order, and but a few weeks ago he returned from Baltimore, where he was a member of the Firemen's Grievance Committee, and did much to secure the handsome advance granted the firemen by the Baltimore & Ohio management.

There were 29 parties who joined in the deed. Mrs. Sallie McLaughlin had a fourth interest in the tract and her sister Mrs. Garlickman, another fourth, while the other half was divided among many minor interests in Europe, Iowa, Kansas and Fayette county. It was necessary to get the signature of the one in Europe and the deeds could not be passed until about two months after the coal was sold.

HOW FAYETTE MEMBERS VOTED.

Sterling and Wood Were Against Resolution to Place Bill on the House Calendar, While Representatives Carroll and Parkhill Voted for the Resolution.

Special to The Courier.

HARRISBURG, Mar. 26.—The Craven local option bill went down to defeat in the House last night. The entire session was devoted to debate on the resolution to place the measure on the calendar. Two of Fayette county's members voted for and two against the resolution. John S. Carroll and Representative Parkhill lined up with the local option people while James F. Sterling and W. L. Wood voted against placing the bill on the calendar.

Because of the interest in the local option proposition the largest crowd of the session was present last night when the House of Representatives met for business. Some members were ill or otherwise unable to be present, but there were few absences on the floor. There was any amount of lobbying by advocates and opponents of local option before the session opened. Many prominent liquor men from Pittsburg, Philadelphia and other cities in the State were on the floor of the House and rubbed shoulders with the black-coated, white-necked apostles of local option.

When the Craven resolution was brought up Mr. Craven made the first speech. He said that the railroad warnings, "Stop, Look, Listen!" was a mighty good one for the Republican party to observe at present in consideration of the local option bill. He declared he was made the recipient of great numbers of telegrams and letters from various bodies urging the passage of the local option bill.

Mr. Rush of Greene said there has not been a saloon in "Little Greene" for 30 years. He declared it would be unfair not to put the bill upon the calendar. He said there had been only three murders committed within the borders of the county. He said 24 States in the Union had local option and that Pennsylvania should not be behind the procession. Mr. Sterling of Fayette made a speech against the resolution.

Of the two Westmoreland county members from Sentinella Representative Boyd voted for the resolution while Dr. Weidell voted against it.

Another amendment to the Dunsmore 2-cent fire bill in the Senate last night deferred final action on the measure. This amendment offered by Mr. Slason of Erie provides for a fine of \$1,000 for each and every violation of the act by the railroads. As the bill stood before it merely provided for the fine without designating the penalty for each offense. Enhancers of the powers of shifty canal companies is the object of a bill introduced by Mr. Wilbert of Allegheny as an amendment to the act of June 24, 1895, regulating the incorporation of such companies. It is intended to remove obstacles in the way of the projected Erie and Pittsburg ship canal by allowing the company to appropriate lakes, water courses, ponds, reservoirs and other waterways and providing compensatory damages.

By a vote of 28 to 13, the bill of Senator Kline of Allegheny providing for the establishing of a State Board of Barber Examiners passed the Senate tonight. The measure still has to go to the House and indications point in its meeting defeat there. It provides for the examination and licensing of such practitioners to insure better sanitary conditions in barber shops. A similar bill passed the last Legislature, but was vetoed by Governor Pennypacker. The bill in relation to the use of county bridges by street railway companies passed.

STOCK TAKEN OUT.

Break in Water Main at Standard Mine Owing to a break in the water main in the big Standard mine of the H. C. Frick Coke Company at Mt. Pleasant last evening the shaft bottom was flooded and it was necessary to take the stock out of the underground stable.

The mine is closed today until repairs are made.

From Westmoreland's County Seat.

GREENSBURG, Mar. 26.—Along with the other indications of spring yesterday came Adam Lohr to town. Adam has been spending the winter at a number of points throughout the county, but has not been in this vicinity long. He drove a pretty sorrel mare, with a cutie colt by her side. Some local dealers tried toicker for the outfit. Lohr asked \$180 for the outfit. The traders offered \$160, but Adam said the Lord had set the price and that he could not change it. Not being familiar with Divine guidance in horse trades, the traders called the deal off.

Lohr, by the way, has been separated from his old wife for a number of months. His wife is in almost destitute circumstances, and is living in the vicinity of Mt. Pleasant. It makes Adam very indignant when her name is mentioned.

In less than two hours yesterday Judge Doty and McConnell heard all applications for liquor license. Over 200 applicants were heard in this time, but few were called. A German from Monessen, a new applicant, is guilty of the only levity that disturbed the usual decorum of the court room. Asked if he had ever been refused a license, this man answered "Not yet." "No, but possibly soon," replied Judge McConnell. The court will consider the applications this week and will probably hand down the list next week. The number of protests filed was not so large as usual, and few changes are expected in the established stands.

Alex. J. Lawson and the lesser magnates of the Western Pennsylvania League will hold a League meeting at the New Fisher House here Thursday evening of this week. The schedule will be officially adopted and other business of a routine nature transacted. Owner Coughenour and Manager Malarky of the Connellsville team, Wm. J. Laroche and the rest of the array will be present. Ground-keeper Allan McLaughlin is getting things in shape at New Elk's park and everything will be in shape for early April practice.

D. J. Snyder is President of a new concrete block concern which was organized here last week with a capital of \$10,000, and which will get into the concrete business in time to meet the demands of the spring building boom. The company will build a plant in Southwest Greensburg, where the old power house of the Greensburg Electric Company has been purchased and will be remodeled.

GOOD COMEDY DRAMA.

Thorns and Orange Blossoms Comes to the Colonial This Evening.
"Thorns and Orange Blossoms" comes to the Colonial Theatre this evening. The play was at Uniontown last evening. Of it the Morning Herald says:

"One of the best comedy dramas of the season was 'Thorns and Orange Blossoms' which was presented at the West End Theatre last evening as a return engagement. The company was not the same one which first presented the play here and in fact was much better. The stellar role was taken care of by Miss Earle Landon, who lived up to the many complimentary notices which have been sent out in advance about her. The entire cast was exceptionally good. The character work of E. J. Caldwell in the role of Hubert Forest Hay was fine and he was the recipient of much applause during the evening."

"The working of Miss Dorothy Fairfax and Frank Jones in their respective characters furnished much of the comedy of the production. H. F. La Motte as the Rev. Simon Barstow was also one of the pleasing character portrayals of the production. The work of Randolph Menzies as Randolph Randolph, J. C. Bloom as Oscar Carstone and Laura Hulbert as Lady Ryers was also very good."

SOMERSET FIRE.

Blaze, However, Was Soon Extinguished and Damage Was \$100.

SOMERSET, Mar. 25.—About half past three o'clock Sunday afternoon it was discovered that the brick building on Main street which is occupied by Sifford's dry goods store was ablaze. An alarm of fire was at once sent in, but when the fire departments arrived a dense smoke had pervaded the building and it was extremely difficult to locate the blaze. Finally it was discovered that a mattress in a rear room had caught fire and that the flames had spread to some upholstered furniture and a number of articles of clothing which were nearby. The blaze was easily extinguished and the damage will not amount to more than \$100.

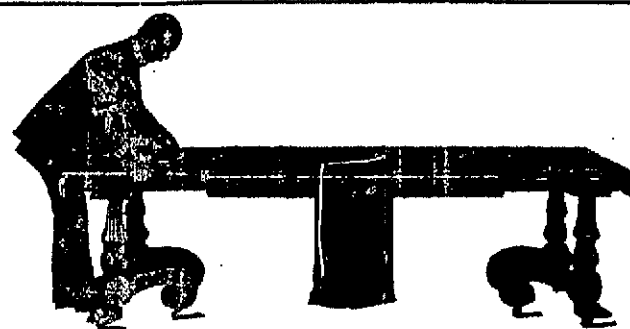

The room in which the fire started is used as a hot chamber by some member of the family of Dr. Henry Wilson. There was a large lot of dry goods and a quantity of drugs and chemicals in the building and had the flames gained headway it would have been impossible to save the building. Adjacent buildings would likely have caught fire and there is little doubt but that the entire business portion of the town would have been destroyed.

Dot and Edith Turner, Connellsville's favorites, will appear in their neat and captivating songs and dances at the play American.

SMITHFIELD.

Chatly Letter From the Metropolis of Georges Township.

SMITHFIELD, Mar. 25.—Dr. A. C. and Lindsey Howard of Uniontown spent Sunday with their parents here. Adolph A. Eberhart and wife and E. A. Eberhart have acknowledged their deed to H. R. Sackett for a house and lot on Liberty street, consideration \$2,375.

C. L. McGee of Dunbar came up Saturday night and spent Sunday with friends here. He attended the meeting of Gallatin Lodge, I. O. O. F., Saturday night and gave valuable assistance in conferring the three degrees on a candidate. Saturday night was also a night for the nomination of officers for the ensuing year. The following were put in nomination and will be voted for next Saturday night: Noble Grand, Robert Benson; Vice Grand, E. P. Britt; Trustees, H. B. Guher and I. C. Sutton; member of Relief Committee, Dr. W. T. Messmore.

John McDonald and wife of Cleveland, O., are the guests of Mrs. McDonald's mother, Mrs. Ignatius Feather.

Edward Stone and Willard Stewart of Point Marion and A. J. Brooks of Morgantown, W. Va., were registered at Black's Hotel yesterday.

In fulfillment of a threat in a former issue C. O. Benson has published the names of all persons who signed a petition for license here in a little pamphlet edited by himself and devoted to the interests of his church. It seemed to have about the same effect on the petitioners that remarks he made from the pulpit here Sunday a week had in criticism of the correspondent of a Uniontown paper, who said it was like "raining in the mountain." Some of the petitioners say that if he will call around they will give him photographs for reproduction in his pamphlet.

There are only 12 days more of school, when the small boy will have five months' vacation to devote to marbles, baseball and other outdoor sports to which he may be inclined. The warm summer days last week set some borough residents to making garden.

Edgar O'Neill spent Sunday with M. F. Colburn and family at Uniontown.

H. R. Breakiron's new residence on the corner of High House and Morgantown street is having the finishing touches put on. He will move into it about April 10.

CONFLUENCE.

Interesting Items From Somerset County's Hustling Town.

CONFLUENCE, Mar. 25.—Rev. B. E. Collins of Meyersdale delivered his lecture on "Africa" to a crowded house. He spoke for one and a half hours and the audience seemed to regret that he had completed his lecture, as it was very interesting. The Confluence quartet furnished the music for the occasion and their selections were well rendered.

William Meyers of Friendsville, Md., was in town Sunday.

Mrs. John Hawke, who was shopping in Pittsburgh, returned home Sunday.

Miss Mayme Scott spent Sunday at the home of her mother, Mrs. W. L. Scott, on Oden street. She returned to Connelldale Monday morning.

Robert Pullin of Somerset was visiting at the home of his grandmother, Mrs. Waller, on Oden street, Sunday.

Paul Liston came down from Selbyport this morning, where he had spent Sunday with his parents.

Miss Emma Thomas, teacher of Charleston school, who was visiting at her home in Markleysburg, returned home this morning.

Mrs. Scott Lytle is visiting friends and relatives near Gettysburg.

Charles Bowlin is again at his old position as fireman and you can bet the lights on the streets are in good shape. We hope that Charles will stick to the position.

Mrs. George R. McDonald is improving very rapidly. She expects to be out soon.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

ROCKWOOD.

Bright Paragraphs From the Big Somerset County Borough.

ROCKWOOD, Mar. 26.—Samuel A. Bitner, a farmer of Black township, located near Wilson Creek, is about to lose a valuable piece of horseflesh. A beautiful horse for which he was offered \$150 only a short time ago, has the lockjaw, from which recovery is out of the question. The horse stepped on a nail some time ago, which caused the fatal malady.

Roland G. Hostetler, the well known contractor from Somersport, formerly of this vicinity, transacted business in town yesterday.

T. M. Millhouse has returned from Pittsburgh, where he went several days ago to transact business.

Miss Katherine Snyder of Fort Hill spent several days the first part of this week visiting friends here, her former home.

J. C. Reitz, accompanied by John A. Philippi, departed yesterday for a trip through West Virginia to inspect some timber tracts. While in West Virginia they will make their headquarters at Coalton, where Reitz recently had a saw mill and where his son, J. W. Reitz, and family still reside.

A. H. Bittner, a conductor on the S. & C. branch, sustained injuries on Sunday which for a time were considered serious. While his train was running at a rapid speed near Friedons he fell from the top of a car, striking the ground with great force. He was picked up and brought to his home here. A large gash on his head was the worst wound.

The bachelorette to the graduating class of the Rockwood High School held in the Lutheran Church on Sunday was very pleasing to the vast audience present. Special music was prepared by a union choir, and was assisted by a clarinet and cornet from the Wilson Creek band. A solo by David Blaine Miller was another pleasing event of the evening. Rev. C. H. Day had prepared an unusually edifying discourse, to which the audience listened attentively.

Miss Katherine Hammitinger has returned from California, where she has finished her course in the Southwestern State Normal School.

Special evangelistic services are being continued in the United Brethren Church. Preaching every night this week.

Col. C. H. Harzoll, one of the faithful employees at the Central Savage Brick Company's plant at this place, spent Sunday with his family at Hyndman, returning here yesterday afternoon.

Freeman J. Hoffman, recently appointed postmaster at Somersport, was a business visitor in town last evening. Mr. Hoffman will not take charge of the office until April 1, but his business here was concerning some of the work of the postoffice.

TUESDAY EVENING, MAR. 26, 1907.

LOCAL OPTION AND REPUBLICANISM.

The Craven local option bill has been defeated as it should have been. It was entirely too local. The whole question is narrow.

"But we have a right to vote on Local Option," says its advocates with heat and indignation. They are earnest in their views, but their views are contracted.

The Prohibition element claims that it is the right of every community to keep the liquor business out of existence. Without admitting the proposition, but for the sake of argument conceding it, what would be the practical result under a law like that proposed by Representative Craven of Washington county?

It would be that some towns and townships would have no saloons and others would have them. It would mean, for example, that Conneltsville might have license and New Haven none. Would there be any less drinking on the part of New Haven's people? Would the demon rum be banished?

Then there is the question of individual right. Because one man does not drink intoxicants, has he the inherent right to forbid his neighbor? The Constitution guarantees freedom of conscience. Local option in religion would be scouted, and justly so; yet the principle is the same. It is the assumption by the majority of the citizens of a town or township of the right to regulate the morals and the customs of the minority and make them conform to their own peculiar standards.

Local option is only another form of Prohibition. The Republican party has never endorsed Prohibition and recently Prohibition has usually been arrayed against Republicanism.

Politically, the Republican party owes Local Option nothing but opposition, Statesman Craven to the contrary notwithstanding.

"Clarity should be contemplated with emendation," is one of Ex-Governor Pennypacker's little gems of alliteration. Freely translated, it means, "Make haste slowly." The author applies it to the State Capitol investigation. The idea he probably intends to convey is that the investigating committee should not try to find out all the graft at once. Perhaps not. It might scare the members and the people generally. Enough has been discovered now to put cunctative cuss words in the mouth of the most cunctious Republican.

There was a hot time in the old town Saturday night judging from the large crop of roosters in the official coop next morning.

The sky ferries of the Lower Young should be provided with life-preservers.

Store news occupies a greater share of our space than usual or desirable, but the merchants have the goods and the people want to know what they are. They come from all points of the compass to buy in Conneltsville, and The Courier goes to all points of the compass to keep them informed as well concerning Conneltsville bargains as the news in general.

Mountain fires are unusual in the spring, but this is an unusual spring.

The Standard mines has a little flood of its own.

The Fayette county court is trying to apply the Altona treatment to the Conneltsville Ashe to the end that the latter may be regenerated as well as revived.

Connellsville is helping to build the Panama Canal.

Fayette county carries a comfortable bank balance.

Scottsdale's \$30,000 improvement bonds commanded a handsome premium. The Mill Town's credit is good.

DUNN'S CASH STORES.

129, 131, 133 N. Pittsburg St., Conneltsville, Pa.

THE WEATHER.
Western Pennsylvania—Fair, warm on Tuesday; Wednesday rain and cooler; fresh south winds becoming variable.

FOR EASTER SUNDAY

We wonder just how near ready you are. How many things you have yet to buy and how many of them you intend to buy at this store. We would like to have you see just how well this store can serve you on short notice. We like you to find out just the kind of ready to wear things this store has here for you to see. Like to have you learn the prices too for while this store always talks quality yet the close margin on which we are able to carry on this business enables us to talk as convincingly from a price view also.

Notice is hereby given that on the 4th day of March, 1907, the Younghooveny Central Railway Company filed in the Court of Common Pleas in Fayette County, Pa., an application for a decree of dissolution, and that it is the duty of the court to hear and determine the same on the 4th day of March, 1907, at 10 o'clock A. M. when and where all persons interested may attend and show cause against the granting of the prayer of the said petition. If they do not, STERLING HUGHES, DUMFRIES & BROWN, Solicitors for Petitioners, mar12-10-25

Suits at \$25.00.

If we were not so sure that these suits at \$25 were better suits than you could buy elsewhere for that price we would not be calling your attention to them so often in our advertisements. You know as well as we do how popular a price \$25 is, and we have tried to have suits at that price that would meet with your approval. So many of these here for you to choose from that chances are that you can find one that will need so few alterations to insure a perfect fit that we can have it ready for you for Easter. Suppose you come in and see these suits and see if they do not more than meet your expectations of how good a suit ought to be at this price of \$25.

Gloves.

Will you let us help you solve the glove question for you? Contained kid gloves, short lengths, black and colors, at \$2.00 the pair. Full length in black and white and ten at \$3.50 the pair. Long gloves in silk or lisle, black and all the light shades for \$1.75 the pair. Fifteen dozen long white gloves in silk at \$1.25 the pair. Almost forgot to mention our own brand of kid gloves at \$1.00 the pair, in black and colors as much of a guarantee these as any kid glove.

Fancy Ribbons.

A collection of these just in for this week's selling. Priced from 25 to 50 cents the yard. Ribbons that will tell you for themselves that this ought to be your ribbon store.

Separate Jackets.

Attention asked to a collection of such extent—so many models and different materials—such tailoring and such quality of both tailoring and material as will make effective impression upon all who see them.

We do a very large Waist business, but can and want to do more, and we laid our plans accordingly—of which our collection of Waists at from

\$1.00 to \$5.00
is the most important.

Some of the New Spring Dress Stuffs.

A broad range of new sheer weaves—floral designs and fancy weaves are the essential features of these new sheer dress fabrics. The prime feature, however, is their low prices as quoted by us. As an illustration of our exceptionally low prices, take the following:

Imported Sole Imprime Silk, per yard, 50c
Alexandra Silks Chiffon,..... 50c
Silk Organdie 39c
Silk Mousseline, 39c
Silk Mull,..... 39c

Choice Oxfords

Women's Oxfords this season are lighter in weight and appearance than heretofore. Toes more pointed but not extremely so. Some heels are quite high, others medium—both are good form. There are many new features in the style of tying, and the cut of the uppers. Altogether, Women's Low Cut Shoes are daintier and more handsome than ever.

Look to Your Oxfords, Madam?

There's not a better showing of choice styles to be found than we have now on display. We've the season's choice productions, and are pleased to show them.

\$2, \$2.50 to \$3.50 and \$4.

The woman who wants oxfords that are choice and different, will do well to come here for them.

SCOTSDALE March 26.—The \$30,000 of bonds for the funding of the floating debt, erecting a garbage furnace and completing the sewer system of the borough were awarded to W. J. Hayes & Sons of Cleveland, O., whose bid was \$31,284. They were the purchasers of the \$31,000 improvement bonds of 1899. Other bidders were the Cleveland Trust Company of Cleveland, O., who offered a bid of \$31,000 if the bonds were made tax free. Emery, Anderson & Co. of Cleveland, who bid \$30,990; Dennison & Farnsworth of Cleveland, O., who bid \$30,471; the Municipal Corporation Securities Company of Pittsburgh, who bid \$30,150, and S. A. Keon of Chicago, whose bid was irregular, no check being enclosed. The bonds are 5s, maturing in 1936, an average life of 18 1/2 years.

George Colborn of Ohio, who has recently been employed in Braddock on Monday took a position in the offices of the U. S. East Iron Pipe & Foundry Company. William Ritchey resigned on account of continued ill health, and Geo. L. Detwiler took into his place, while Mr. Colborn takes Mr. Detwiler's place.

Peter O'Neill has sold a house in North Scottsdale to an Everson party for \$1,050. These deals were all made by the Byrne Real Estate Company.

Everson will likely have an ally in their fight against the West Penn Railways Company on account of the road encroaching upon the thoroughfare when it leaves the Everson end of the viaduct. The Finance Committee of Scottsdale Council was instructed on Monday night to consider joining Everson through in the suit the latter has brought in order to make the bridge a free one.

The Scottsdale hotel keepers and prospective hotel keepers were in Greensburg Monday morning attending the license court. Several of the Anti-Saloon league people were also up attending the hearing, which was a brief one.

The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians, and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

A bank is what its directors make it—its strength depends largely upon their experience, judgment and responsibility—it grows upon the time, thought and effort the devote to it. The directors of this bank are well-known business men of this city, large holders of the bank's stock, therefore deeply interested in its stability and progress. They keep in constant touch with its affairs by constant meetings. This is one feature to be considered when selecting a banking house.

AUTHOR OF THE COST, THE DELUGE, ETC.

"If a man," said he absently, "fixes his mind not on making friends or defeating enemies, not on elections or on history, but just on avoiding from day to day, from act to act, the condemnation of his own self-respect." The blinds closed as suddenly as they had opened—he had become conscious that some one was looking in. And I was wishing again that I had kept my doubts to myself; for I now saw that what I had thought a bright bird of illusion was in fact the lost star which lighted my own youth.

Happy the man who, through strength or through luck, guides his whole life by the star of his youth. Happy, but how rare!

CHAPTER XXXIV.

"Let us Help Each Other."

In the following September I took my daughter to Elizabeth. She looked earnestly, first at Frances, tall and slim and fancying herself a young woman, then at Ellen, short and round and struggling with the giggling age. "We shall like each other, I'm sure," was her verdict. "We'll get on well together." And Frances smiled, and Ellen nodded. They evidently thought so, too.

"I want you to teach them your art," said I, when they were gone to settle themselves and she and I were alone.

"My art?"

"The art of being one's self. I am sick of men and women who hide their real selves behind a pose of what they want others to think them." "Most of our troubles come from that, don't they?"

"All mine did," said I. "I am at the age when the very word age begins to jar on the ear, and the net result of my years of effort is—I have convinced other people that I am somebody at the cost of convincing myself that I am nobody."

A NATION OF CRIPPLES RHEUMATISM BEYOND CONTROL.

The Only Hope to Rheumatic Sufferers is Uric-O Treatment.

If rheumatism continues to spread as it has in the past few years, it would seem as though it would become a nation of cripples. The terrible destructiveness of this disease is apparent on every side of us. Almost nine out of 10 of the crippled are men, and their affliction is due to the rheumatism. How many thousands more there are that are hopelessly bedridden and whom we never see. The number of men who suffer from this disease can never be counted, for it is not reported. It is a disease that is beyond control. It contains concentrated healing oils and gums of the pine woods prepared in such form that they can be brought into your own home, with the same results as though you lived out of doors in the Adirondacks, and in this way you can be cured of catarrh and rheumatism of the nose, throat, and lungs while at home or at work.

The complete Uric-O outfit costs but \$1.00, extra bottles if needed may be obtained for 50c. With Uric-O, catarrh can be cured pleasantly and easily at small expense with no risk of the treatment costing a penny unless it cures.

Uric-O Cures in Six to 24 Days. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Troubled Ears in six to 24 days or money refunded, 50c.

ACTUALLY CURES CATARRH.

A. A. Clark's Faith in Hyomei is So Strong He Sees It Under Guarantee.

A. A. Clark backs up his faith in Hyomei as a cure for catarrh and bronchial troubles with a positive guarantee that if it does not cure the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains concentrated healing oils and gums of the pine woods prepared in such form that they can be brought into your own home, with the same results as though you lived out of doors in the Adirondacks, and in this way you can be cured of catarrh and rheumatism of the nose, throat, and lungs while at home or at work.

Monotony Leads To Insanity

Too much excitement—too much monotony. Both these extremes are fatal to the nervous system.

Diseases of the nervous system result from the excessive mental work and worry and the stifle and turmoil of city life.

But what leads to the nervous system, the locomotor ataxia and the insanity which comes frequently to the farmer or his wife living in rural sections or to persons who work with machinery? It is the monotony.

Whatever your circumstances, it is wise to be alert for symptoms which denote exhaustion, headache and indigestion, irritability of temper and weakness of body and mind, and to begin at once the use of Dr. A. W. Chase's Nerve Pills.

Science has no more effective treatment to offer as a means of restoring vigor and vitality to a wasted, nervous system than Dr. A. W. Chase's Nerve Pills. 50 cents a box, 6 boxes for \$2.50 at all dealers, or Dr. A. W. Chase, Medical Co., Buffalo, N. Y. The portrait and signature of Dr. A. W. Chase, the famous receipt-book author, are on every box.

Are Patent Medicines Frauds?

We are often asked the above question, and our answer has invariably been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers—in fact, we would take an enormous risk did we not fulfill every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty well—what it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucuo-Tone, of which we are selling large quantities at this time of the year. Mucuo-Tone is one article that we can recommend over our counter and know that ninety-eight per cent. of its purchasers are going to be benefited and will return to our store pleased customers. Mucuo-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh—such as stopping of the nose, cold in the head or bad cough.

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dixon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Rexall Mucuo-Tone, but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucuo-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to use it as a trial. Mucuo-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you, MATT. DILLON, 24 N. Swan St., Albany, N. Y."

We are selling a large trial bottle of Mucuo-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and bring new vitality to your system.

A REASON

The United Drug Company, manufacturers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ailment. Each one is especially prepared to cure one disease, and that only. This is an age of specialists. You don't contract with a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Often times you run across a building contractor who has a separate plumbing department, and so on, all of which develop together and build the house. This is just what the United Drug Company is doing for you in the medicine line. They have cut down prices of these medicines. The Rexall Remedies for over 2000 different ailments are the only intermediate profit that stand between the United Drug Company and the patient.

Could the United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not the consumer value a medicine that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall preparation and it didn't do for you, what we claim it will, would you buy another one of our line? We believe so. Therefore each preparation must be good. It is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund your money if they do not benefit you.

UNIONTOWN

The Largest Distributors of Merchandise in the Connellsville Coke Region.

Last Thursday Was the First Day of Spring.

The Sun crossed the line Thursday and Spring began in the Northern hemisphere. Our commercial calendar is not strictly governed by "the first point of the Aries." Spring began some time ago in this store but has now reached its fullest point, presenting a complete showing of the most approved styles in ready-for-service apparel for man, woman and child, also a superb collection of laces, trimmings, yard materials and dress accessories, noteworthy in its completeness.

Few Buying Days Remain Until Easter.

In the Men's Quarter.

On the main floor of our establishment we have brought together everything for men's and boys' wear. This department has been given ample floor space and there is plenty of light to see the goods as they are. Our name is not put on clothes until everything in material and finish is up to our particular standard. We are more particular about having our customers get the things that are suitable than swelling our sales.

This 1907 Crawford.

\$4.00.

There are smart models for young men and more conservative shapes for men who desire them. We have them in a dozen different styles, styles that many men will think they have to pay \$5.00 to secure. Handsome models in ultra shapes that every man who dresses smartly will thoroughly appreciate. Blucher, lace or button patterns, in patent calf skin and dull leathers. All the style and character that good shoemaking can give them.

Men's Neckwear.

50c.

Being properly garbed is maintained by many to be vital to a man's success in life, and while good clothing is referred to by these theorists, still taken in its broadest sense they mean "a well dressed man." And the "Crawford" of good quality silk and properly fashioned is absolutely indispensable to men who would be properly attired. The four-in-hands concerned in this advertisement are made for this class of men.

FIFTY CENTS.

Negligee Shirts.

\$1.00.

New Spring Weaves.

Today we present a collection of new, fresh, beautiful shirts from one of the best shirt makers in the country. You will find his label on the shirts when you come. The materials are new and in beautiful plaid and woven patterns of excellent madras, in light and dark colorings. Cuffs attached or detached. Sizes 11 to 18. Easter only a few days away.

Adlers Gloves

In New 1907 Tans, \$1.50.

Properly gloved—that's of great importance next Sunday, and properly gloved means more than mere fit. The color must be right, the stitching must be right, the making must be according to fashion's dictate. Glove tailoring has its style changes each season as well as does your clothing. So "be sure" before purchasing your hand-covering for Sunday next. One-fifty.

Fancy Hose for Men,

25c.

Oxfords will be seen, plenty of them, next Sunday, and fancy hose are indispensable to the appearance of the low-cut shoe. We are splendidly ready for the great demand that our stocks will be subjected to during these few intervening days.

Tailored Suits for Women Designed for Spring and Summer Wear.

\$16.50, \$20.00, \$25.00, \$35.00.

Hereafter we shall specialize in tailored suits at these prices. We shall devote all our energies to the task of persistent and continual betterment along these lines. The objective is this: To offer at \$16.50, \$20.00, \$25.00 and \$35.00 garments which in tailoring, fabric and style have everything in common with those that command materially higher prices.

Within this price range we show an extensive variety of tailored suits, including Eton, Pony and Gibson models of Panama cloth, serge and light fancy stripes, checks and mixtures, and new ones are added daily. We direct your attention to the following suits, though description must be meagre because of limited space.

Pearl Grey Panama Eton Jacket, braided trimmed, with button trimmed straps and deep girdle, pleated skirt.

At \$20.00.

Prince Chap Suit of light grey Herringbone, patch pockets, long sleeves.

At \$25.00.

Brown Panama Silk Lined Eton Jacket, Gibson style, beautifully tailored and handsomely trimmed.

At \$35.00.

Outway Jacket, self trimmed with breast straps, pleated skirt.

At \$35.00.

Three piece suit of fine Panama, braided trimmed jumper and blue taffeta coat.

At \$28.50.

Light striped all wool flannel suit, mannish coat with plain coat sleeve. This is an extremely stylish suit.

At \$16.50.

The New Suspender Skirts.

We are showing these skirts in various materials, and they are meeting with decided approval. The suspender feature almost takes the nature of a jacket, so elaborate are they in design. We show them in taffeta, voile and Panama cloth, from

\$16.50 to \$35.00.

Stylish Covert Jackets.

We present six distinct styles of covert jacket this season, The Box, the Blazer, The Gibson, the form-fitting, the semi-fitting, and the Varsity. These are in various qualities, and may be procured at prices ranging from

\$4.00 to \$16.50.

The New Waists for Spring.

Were we given to superlatives we might well enthuse over this showing of Spring waists. Surely, enough exclusiveness and richness to tempt the most critical buyer are here, and every waist will abundantly justify its price. This collection includes many unusual effects exclusive with this establishment, and now-a-days women demand unusual smartness in their outer garb. These waist stocks of ours will meet with universal approval.

Lawn Waists.

These are of course the plainer tailored models, but extremely popular and serviceable for general wear. Variety complete.

\$1.00 to \$3.50.

Lace Waists.

Fashioned of Brussels net and laces over silk linings, fronts elaborate with medallions and lace, beautiful beyond description.

\$5.00 to \$22.50.

Lingerie Waists.

Made of fine sheer batiste, with dainty yokes of Valenciennes. Insertions and tucks, outlined with embroidered or lace medallions.

\$5.00 to \$20.00.

Silk Waists.

Mainly plaids in low-bust and taffeta, long and short sleeves, beautifully tailored, some plain, most of them lace trimmed.

\$2.95 to \$12.50.

Foulard Silks,

50, 75, \$1.00.

Foulards are again holding the centre of fashion's stage. Repeatedly have manufacturers tried to market other silk materials to supercede them, but this season they have been featured stronger than ever. Their soft lustre and draping qualities appeals strongly to women of taste. They are shown in a wide variety of design, most popular of which are dots, rings and small figures, though many large figured patterns are shown.

Silk Crepes,

\$1.25.

Imported material of a brand new order. These materials have wide, self-colored plaids, with an over design in dots, rings and floral effects. They have a rich, lustrous finish that commend them strongly for use in dress gowns. They are being exclusively shown by us in Connellsville and in a broad selection of patterns. They are entirely new. Remember, you've never seen material of this kind previous to this showing.

The Newest in Women's Neckwear.

Embroidered turn-over collars. Were you to ask us what article throughout the list of woman's attire was being called for the most, we would tell you this new "turn-over." We show them in numerous designs, also the snappy little bows that go with them. The collars are 25c and 30c; bows 25c. We also direct your particular attention to the new lawn ties with embroidered ends at 35c and lace ties at \$1.00.

Silk Hose,

\$1.00.

We have been making some unusual efforts lately to have made for us pure silk stockings that are good in quality while unusually low in price.

The result—Stockings of pure silk, in gauze weight, low spliced heels and double soles, at one dollar a pair. We present these in all shades and black.

Modish Gloves,

12 and 16 Buttons.

The long glove is a rogue that must be recognized as a lasting one, for every fashion authority dictates the short sleeve as paramount over all other styles. Our showing of these desirable lengths is typical of usual W. M. Co. assortments.

Easter Novelties

At Economic Prices.

With Easter so near at hand, the bunny, the chick, and the fancy eggs have the call, for Easter vies with Christmas in importance in the land of childhood. Here are a few prices:

Rabbits.....10 to 25c
Ducks.....10c
Eggs.....5 and 10c.
Chicks.....5 and 10c
Baskets.....5 and 10c

A Splendid Collection of Millinery

Our opening display last Wednesday proved to you beyond a doubt the exclusiveness of our millinery. Many of our hats, it is true, are adaptations of the approved foreign models, others represent the best efforts of our own style organization—than which there is none more able to grasp the true inwardness of fashion's edict.

We are not faddists nor extremists. We offer you such shapes and styles as must find favor with a discriminating clientele and at moderate cost.

Fancy Waistcoats the Most Important

Of All Dress Accessories.

The very variety of this showing would tend to prove the above caption. Variety of materials, number of designs and character of the garments presented would suggest that you purchase here. You may choose from among flannels, fancy vestings, piques and duck, in single or double-breasted models. The price you'll pay may be from

\$1.50 to \$5.00.
